Back in the 70's when life was fun
There was glam rock heavy rock punk had to come
Being who you want to be
It's all about you it's all about me

Unfinished Business
In 79 it was just the start
Unfinished business
1980's it fell apart

Age means nothing it's what your part of
Just you ask Charlie Harper
The sounds around the're all the same
Punks not dead and we're all to blame

Unfinished Business
In 79 it was just the start
Unfinished business
1980's it fell apart

Unfinished Business
In 79 it was just the start
Unfinished business
1980's it fell apart
Unfinished business
1990's have come and gone
Unfinished business
It's 2000 plus
We're singing a new song, we're singing a new song
We're singing a new song, we're singing a new song
