there's a broken needle scratchin my 45 collection
through a burned out, blown 2-speaker combination

there's nothin left to do but crank it up loud
it's pumpin through my head and it's knockin me out
it doesn't really matter what's goin on now
cause all i wanna do is

keep the radio playin all night long
we left the radio playin all night long
because the radio's playin all my favorite songs

there's a broken CD player in the backseat of my car
next to the pieces of what's left from my first guitar

there's nothin left to do but crank it up loud
it's pumpin through my head and it's knockin me out
it doesn't really matter what's goin on now
cause all i wanna do is

keep the radio playin all night long
we left the radio playin all night long
because the radio's playin all my favorite songs

we left the radio playin all night long
we left the radio playin all night long
because the radio's playin all my favorite songs
some people say
that my radio is dead
but i won't let myself believe it

we left the radio playin all night long
we left the radio playin all night long
because the radio's playin all my favorite songs

we left the radio playin all night long
we left the radio playin all night long
because the radio's playin all my favorite songs

we left the radio playin all night long
we left the radio playin all night long
because the radio's playin all my favorite songs

we left the radio playin all night long (the radio, the
radio)
we left the radio playin all night long (the radio, the
radio)
because the radio's playin all my favorite songs
(the radio, the radio songs)
