When I walk, I dance  
When I talk, I sing  
Everything I do  
Has a melody  
When I smile, I laugh  
When I'm good, I'm bad  
And I went my move  
With a funky little groove

Feel so good like it should  
Don't mean no, yes I should  
Don't me won't  
Yes I would

My evolution is mine  
Stand back, I meant to shine  
I want a piece, I wanna taste  
I wanna give, I wanna pay  
I wanna touch, I wanna see  
I wanna feel, I wanna breathe  
My evolution is mine  
My moon, my stars, my sky

Hey!  
Try to put me in a box  
I bust it unlocked  
Try to fuel my magic  
That would be tragic  
Got a dominant side  
I'm a let it shine  
Gotta skip to my lou  
In everything I do

Take it high, work on nerve  
Pull the plug, it got hurt  
Gonna get  
What I deserve

My evolution is mine  
Stand back, I meant to shine  
I wanna dig, I wanna stretch  
I wanna bitch, I wanna cry

I wanna crash, I wanna fall  
I want a death so we could lie  
My evolution is mine  
My moon, my stars, my sky

Where do you go from here  
When all of your fears disappear  
What did you do when you're free  
To be revolutionary

My evolution is mine  
Stand back, I meant to shine  
I want a piece, I wanna taste  
I wanna give, I wanna pay  
I wanna touch, I wanna see  
I wanna feel, I wanna breathe  
My evolution is mine  
My moon, my stars, my sky  
I wanna dig, I wanna stretch  
I wanna bitch, I wanna cry  
I wanna crash, I wanna fall  
I want a death so we could lie
