The light unfolds  
Storms still cold  
Your destiny's blessed smile  
The wind that caressed the sky  
Eternal hope  
I search no more  
Two hearts fall into time  
Forever yours and mines

You're engraved on my mind  
Though the world takes me through  
Another day  
Know you can't be erased  
Know that we got each other

[CHORUS:]  
Baby  
I finally realized  
There's no other  
Loves me like you do  
Oh baby  
I've lived to compromised  
Now forever  
Is just one word is you

You're my breath of air  
You're my answered prayer  
If ever I lose my day  
You bring tomorrow my way  
You're my constant warmth  
Through every storm  
You brighten the darkest light  
We form a place to hide

You're engraved on my mind  
Though the world takes me through  
Another day  
Know you can't be erased  
Know that we got each other

[CHORUS]

For you are me your everything  
Before you, I was lost and alone  
I would do it all again  
If it led me back to you  
What would I do without you?  
I guess I never need to know  
Baby, all I need in life is you

[CHORUS]
