Hits like a hunter beneath the dead sea
Blood stains of world
We see and we grieve
In dark caress dwells our dreams and our fears
Just pull the plug and blow the world

AIN'T TOXICATED ATMOSPHERE APPRECIATED
JUST DIAL, ONE DIAL, TWO AND BLOW THE WORLD

Strager as we try to care and to survive
You throw our freedom down the drain
Ain't toxicated atmosphere appreciated
We've grown under but still
Climbing to our throne

TOMOROW WE WILL BE GONE
DESPAIR OF TOMORROW'S WORLD
