Dedicated in the memory of Marko Tuominen.

27 years you hide, you kept aside
You lost yourself, could no longer hide
Beside the sleep, the nightmares came
Along yourself, you could no longer hide

MILLION NIGHTS IN GRIEF I've
SPENT THINKING
THOSE NIGHTS WENT BY, I'm STILL
DREAMING

27 years, so much is pain
For it's yours, suicide in vain
Beside the sleep, the nightmares came
No matter how you tried, you could no longer hide

We floated around in a sea of loneliness
And now you're gone
The angels took you over the wall of sleep
And now you're gone
