It's always a cure.  
It's always alone.  
It's always behind.  
It's always inside.  
It's always I.  
Don't you ever wonder why?

[chorus]  
Tonight I'm free,  
from all the pain I've seen.  
Tonight I'll leave,  
this place I've forever been.

I deserve to die.  
I despise this life.  
It's always behind.  
It's always inside.  
It's always I.  
My sun don't share it's light.

Tonight I'm free,  
from all the pain I've seen.  
Tonight I'll leave,  
this place I've forever been.  
2x

FOREVER  
- Forever... Forever...

Tonight I'm free,  
from all the pain I've seen.  
Tonight I'll leave,  
this place I've forever been.  
2x

- Tonight...
