#### Verse 1

Let me take you to the stars  
And everything will be so small  
I can see the light in your eyes  
They shine so bright  
Shine so bright

#### Pre-Chorus

I need you  
Let me love you  
Cause I need you

#### Chorus

Let me in your heart  
And make it a better place for you  
I love you  
Let me show that I can take you to places  
Where you've never been to

#### Verse 2

You light up my world  
You're everything come take my hand  
And fly away with me  
To another place  
To another place  
Let me show you  
That I'm the one  
Take you to plaaces  
Where you've never been to  
Another place  
Another place

#### Chorus

Let me in your heart  
And make it a better place for you  
I love you  
Let me show that I can take you to places

Where you've never been to
