GO!

if i were you
i'd pack my bags
and get the fuck out of dodge
so get the fuck out GO!

i hope you enjoy your 15 minutes of fame
cause this is gonna be
15 minutes you're gonna want to forget

faking your way through life
on the back of some one else
if everyone jumped off a bridge
i bet you would say it was your idea
right here
right now
whoa!!

I pray your broken family
heals your broken neck.
Eat shit and live.

You dug your own grave.
I just helped you fill it in.
