whoa!

Im so sick of this place (I'm so sick of this fight)
so sick of your mouth
i know where you live
well i see where you sleep
so lets settle this here right now
i'm not wasting away my life
because you don't like
what i have to say

sorry
i'm not just like you
sorry

and you again (who are you again?)
remind me cuz i don't care
i hope you like this
i really know you do
i hope you like it
these vultures tearing your face
plastered in with a hammer
no wonder
destroying lives
everyone will suffer

i have given up on you
so who the fuck do you think you are

you ...deprave (you will learn to breathe)
so what's wrong (through a straw)
who the fuck do you think you are
back it up
do the world a favor
pull your bottom lip
over your face and swallow
i don't mean any disrespect
but i hope you are buried alive
your world is about to come crashing down
everyone will suffer

your world is about to come crashing down

everyone will suffer
