Everything's the same
Feeling so fucking drained
Voice stretched out across
Discordant tones that fill up my life
Maybe I'm just wrapped up in self pity
Or maybe it's the thought of all this repetition

My head is pounding and it's only silence
Coming out these headphones
[X2]

I'll wait forever on a tomorrow that never comes
It's all I have
I'll wait forever on a tomorrow that never comes
It's all I fucking have

Driving but I can't see the road anymore
I always seem to miss the turn off
My tank is running so low
It's running scared
Because I've got nowhere to go

I'm wading through this life
Wading through a life I barely know as my own
Giving up instead of growing up
It's all I've ever known
It's all I've ever known
The cycle really has to end

And I'm still waiting
And I'm still waiting
For my guiding light
To reignite

All my teenage dreams
Are coming back to laugh at me
But I'm climbing out this fucking hole
It's taken 25 years to dig

I'm waiting for my guiding light
Just waiting for my guiding light
I'm waiting for my guiding light

To reignite
