"More Than I Can Take"

the sun is coming up
my single thought is you
and everything you say
is starting to come back
I'm wishing you were here
i need you now

i feel more than i can take
my heart, my life's at stake
i feel more than I can stand
my heart is in your hand
and i am afraid

is it coincidence
or is it all a sign?
a cosmic blueprint pre-designed?
i want to see your face
i want to hear your voice
I need you now

[chorus]

the sun is going down
my single thought is you
and everything you say
i see it in your face
i hear it in your voice
i have you now
