He turns to her he takes her hand  
He tells her, "girl I understand.  
Just come with me, I'll make you beautiful."

Elastic words and plastic tongues  
Slippery promises that run  
And flood the gates again.

He points the lens, the world pretends  
He dictates what they want to see  
And who they want to be  
He looks her up and down with ease  
She's another story told to please  
He said, "I'll make you a ten."

Snap to it! Snap to it!  
Snap to it!  
Give it up, baby.  
Snap to it!  
You wanna be a star, don't you?

Selfish picture taker  
A smokey dream maker  
They'll do anything for beauty  
Because beauty's just a shutter trip away.

(Snap to it! Snap to it!)

I'm gonna show you the world  
I'm gonna make you a star  
You're gonna never look back  
I'm gonna make you go far  
You gotta show me some skin  
You gotta give it to me  
You gotta talk with your eyes  
You gotta show me your teeth

I'm gonna show you the world  
I'm gonna make you a star  
You're gonna never look back  
I'm gonna make you go far

You gotta show me some skin  
You gotta give it to me  
You gotta talk with your eyes  
You gotta show me your teeth
