You can't Call me 'cause I got no Phone
Please stop sending Postcards 'cause I got no Home
If you wana make me scream just how will you beat me
?

So if you wanna make me Love say how will you teach
me ?

Little Eden - the place I wanna be
There's Nobody there just a Sky full of Air in Little Eden

You can't imagine how dark Black can be
You can't imagine how bad Life can be
You and your smartfriends so clever and wise
Get out of my way and get out of my Life - get out

If you wanna make me scream just how will you beat
me ?

So if you wanna make me Love say how will you teach
me ?

Little Eden - the place I wanna be
There's Nobody there just a Sky full of Air in Little Eden

Little Eden
