I'm gonna love love love you like no other  
Like nobody else can love you  
I'm gonna dot every I and cross every T  
Make sure nobody loves you even half as much as me

In school they always taught us to be complete  
Make sure you finish everything nice and neat  
I listened well and learned about the birds and the  
bees  
And now I'm sure I know just how so let me please

Girl when I'm alone with you I know you understand  
The in's and out's of love so let me be your man  
I'm gonna love love love...  
[ guitar - steel ]  
My daddy told me never leave a job half done  
And I intend to finish up what I've begun  
I'll seek high and low I'll leave no stone unturned  
And I hope you do the same for me in return  
Girl when I'm alone with you...  
I'm gonna love love love...  
I'm gonna dot every I and cross every T  
Make sure nobody loves you near the way I love you  
Make sure nobody loves you even half as much as me
