Get out of the city if it hurts.  
You're too blind , move it over,  
try to get closer to the lifestyles of the gluttons  
seem so seamless and perfect.  
I've been the secret that you've been keeping....

Ears to the wall, eyes on the prize.  
See that you've made a mistake,  
and we all know what you've done here.  
Dear Interceptor, I've been waiting....  
Show me something. Hold the phone, we've found an  
answer.  
Full moons and minor keys to get there faster.  
Mirror, mirror, see this as clear as crystalline.  
Second hand interpretor.  
The spoken word for change.

Wait for me. I wanted to feel this safe.  
I can't hear you scream. Hold the phone to make it  
better.  
I can't hear you scream. I wanted to feel this safe.  
I can't hear you.....

Blood to the beat. This thirst of the Lion can't be  
quenched by  
cigarette strewn cubicle air.  
Dear diluted, while your dreaming...  
Show me something.Hold the phone, we've found an  
answer.  
Full moons and minor keys to get there faster.  
Mirror, mirror see this as clear as crystalline.  
Second hand interpretor,  
The spoken word for change.

Wait for me. I wanted to feel this safe.  
I can't hear you scream. Hold the phone to make it  
better.  
Deep into the Red we need a change.

Just look at this cardboard cutout,  
this puppet that you've become.  
Let me be the first to acknowledge

you've no pride, you've no purpose,  
It's so typical to think less is more  
when you're out of the lead.  
Don't hurt yourself. Settle for less.  
It's so typical to think less is more  
when you're out of the lead.  
Second hand interpretor,  
the spoken word for change.

Wait for me. I wanted to feel this safe.  
I can't hear you. Hold the phone, we've found an  
answer.
