Forever alone until I found you,  
and now you're always there;  
voice on the air, scent on my clothes.  
Oh, but when the sun exposes all my demons,  
will you stay or run away?

I'll help you find your way  
every moment you're awake.  
You know I'll stay,  
even in your dreams  
I'll pull the stars down from the heavens  
to fill your empty skies  
I'm yours tonight.  
I'm yours tonight.

Wherever you go, they say I'm bad news.  
When every one agrees,  
whispers start sounding like screams.  
Oh, but I know what you want  
to say before the words escape your teeth.  
Will you trust in me?

I'll help you find your way  
every moment you're awake.  
You know I'll stay,  
even in your dreams  
I'll pull the stars down from the heavens  
to fill your empty skies  
I'm yours tonight.  
I'm yours tonight.

My good intentions  
can leave the hardest hearts,  
the harshest scars you've ever seen.  
My bad impressions they follow me,  
making enemies that I can't see.  
Forever alone, until I found you.  
I know that you'll stay.  
You won't run away.

I'll help you find your way  
every moment you're awake.

You know I'll stay,  
even in your dreams  
I'll pull the stars down from the heavens  
to fill your empty skies  
I'm yours tonight.

I'll help you find your way  
every moment you're awake.  
You know I'll stay,  
even in your dreams  
I'll pull the stars down from the heavens  
to fill your empty skies  
I'm yours tonight.  
I'm yours tonight.  
I'm yours tonight.
