Somewhere hiding underneath  
Kicking off covers while you sleep.  
Soon you're gonna leave  
So leave us one more weekend  
You've got all the friends you need  
Bad tattoos and worse IDs, you feel alive  
Do you feel alive?

You'll go off, you'll forget  
You'll grow out of hanging from the edges  
Breaking off the past  
You'll know when to move on  
You'll know when to take all the right chances  
Never looking back

Somewhere hiding underneath  
Running around these empty streets  
Do you think you're better off dead  
Better off dead than alive in here?  
You've got all the friends you need  
Bad tattoos and worse IDs, you feel alive  
Do you feel alive?

You'll go off, you'll forget  
You'll grow out of hanging from the edges  
Breaking off the past  
You'll know when to move on  
You'll know when to take all the right chances  
Never looking back

How could you think the time we spent  
Was all wasted  
Sleepwalking through every morning that  
We took for granted?  
Maybe the time we spent was not wasted...  
Let it go, I'll let you go

You'll go off, you'll forget  
You'll grow out of hanging from the edges  
Breaking off the past  
You'll know when to move on  
You'll know when to take all the right chances

Never looking back

We are half alone, our hearts are leaving home  
Now that we don't belong to anyone at all  
We are half alone, our hearts are leaving home  
Now that we don't belong to anyone at all

Somewhere hiding underneath  
Kicking off covers while you sleep  
You feel alive
