I've noticed, people, they all have motives  
Different, yet all the same  
I fumble through every word that is spoken  
and I barely knew your name  
I'm tongue-tied, it runs through my blood and my  
insides  
Some things we can't escape  
But if we try, if we try, we can leave this behind

It's been a lifetime, a lifetime we waited for  
A simple question, kid, "are you with me or not at all?"

Your eyes wide, always ahead of the curve tide  
Quiet, and confident  
Oh, we stood there, awkward and youthful, we tangled  
A piece of my soul escaped  
Oh, we are restless and tired of sleeping with giants  
A modern mankind with their egos of fire and it seems  
like

It's been a lifetime, a lifetime we've waited for  
A simple question, kid, "are you with me or not at all?"

Are we wasting time or is it wasting us?  
It's been a lifetime waiting for now, now  
Well, you've got to find a way  
You've got to find a way  
You've got to find a way  
You've got to find a way  
You've got to find a way before you fold

It's been a lifetime, a lifetime I've been waiting for  
A simple question, kid, "are you with me or not at all?"

It's been a lifetime, a lifetime we've waited for  
I need an answer, kid, you're either with me or not at  
all, no, no  
Are we wasting time or is it wasting us?  
It's been a lifetime, a lifetime, a lifetime, lifetime, yeah  
Well, you've got to find a way  
You've got to find a way  
You've got to find a way

You've got to find a way  
Son, you've got to find a way  
You've got to find a way  
You've got to find a way before you fold
