We're crashing cars we used to share  
With summer girls  
With summer hair  
We're driving around chasing the stars  
But the party's busted up  
Before it ever starts

I'll never let you go  
Don't ever forget  
Tell me you'll remember  
Forever young  
I'll never let you fall  
It's not over yet  
You and me forever  
Forever young  
We're forever young

Stop making plans, start making sense  
Don't you believe any word they said  
Sparked up, sparked up like a book of matches  
Falling through the night  
And rising from the ashes

I'll never let you go  
Don't ever forget  
Tell me you'll remember  
Forever young  
I'll never let you fall  
It's not over yet  
You and me forever  
Forever young  
We're forever young

Don't come any closer  
Don't tell me it's over  
Don't kiss me goodbye  
Here we are, am i taking this too hard?  
Don't say that it's easy  
The hardest part is leaving  
Don't you wonder why...  
Suddenly, we're all running out of time

I'll never let you go  
Don't ever forget  
Tell me you'll remember  
Forever young  
I'll never let you fall  
It's not over yet  
You and me forever  
Forever young  
We're forever young  
We're forever young  
We're forever young
