It's Autor Mattic Baby!
It's Nothing but a little heartbreak
But You gon get Through it

Girl You Need To Get Your Mind Straight
FROM the Looks Of It!
You in a Diffrent Mind state
Baby, I'm Just Saying
You Need To Wake Up!
And Never Trust Boys!
Two face, like to Make up!

Yeah, so Do You get The point I'm stressing
And if he locks his phone
Then you know his out Messing
And if ihe gets away with it?
He turns it to progression
And You end up heartbroken
Plus You Never Learned Your lesson

Ahh, I thinks it obivious That You Deserve better
And You can be My girl
Man! I'm Down for Whatever
Maybe it's just A chance
I Know We can Make it Work
And I give You The World
I'm Tired Of Seeing You hurt

Yeah
