"The only thing I wish for is for you to see the real me,  
not the disguise I'm wearing since the day I came to  
this world.  
See the other side of mine - a real wicked one, like your  
deepest nightmare that came true! Would you follow  
me through this nightmare till the end?"

Rain... falls down on me.  
Rest... so close but never meant to be...  
Far from alive,  
Here, where spirits whisper I can  
Hide.

How ironic it is  
That unholy would pray,  
Seeking answers up there  
Where no vampires (are) allowed.  
Watching time pass me by,  
Every color is gray  
Will she understand  
If I feed her blood?

Every night I wake up to hunt  
Keep her out of my wicked heart  
Every nightmare she sees - my reality  
Will she come with me?

Moon... guides me the way  
Mist... is scaring you and makes you pray  
I will be near  
There... a creature from your horror dreams

When the clock strikes at midnight  
I will be your guide  
Let me show you the path  
Out of dead to alive  
Let me take you away  
To the cursed other side  
Only one bite of lust  
I will make you mine

Choose...

The choice is not mine, she has to know!

My heart doesn't beat  
But it pulses with pain  
If I'll tell the truth  
Will you call me insane?

Decide - eternal love,  
Is it worth betrayal?  
Is it worth the god?

Lose the soul,  
Trade for strength -  
Draw the line  
Between night and day!
