This is not my life
These are not my eyes
I could not believe this time
But I seal it up inside
All that I can hide

Burn the demon do not share the body
Burn the demon do not share the body

Here I am for you

Burn the demon do not share the body
Burn the demon do not share the body

Here I am for you

Hi
This is not my life
These are not my eyes
I could not believe this time
But I can seal it up inside
All that I can hide
This is my life

Burn the demon do not share the body
