So friends, you left me hanging in a room with a noose
and a chair.

You told me to stay put and reminded me why I was
there.

Cold blooded and misguided,
You thought this would be your best, then you try to
hide it.

A chance to move ahead

Today was the day you tried to shut me down.

Today was the day you tried to shut me down.

Be honest,
Did you ever mention my name?
Did you get sick of the shame?
Did you lie on your back?

Be honest,
Did you ever mention my name?
Did you get sick of the shame?
Did you lie on your back like a whore?

Close-minded with no direction.
A chance to prove who you were
The friends who forgot to think all of the things that
you're not.

Today was the day you tried to shut me down.
Today was the day you tried to shut me down.
Today was the day you tried to shut me down.
Today was the day you tried to shut me down.

Be honest,
Did you ever mention my name?
Did you get sick of the shame?
Did you lie on your back?

Be honest,
Did you ever mention my name?
Did you get sick of the shame?
Did you lie on your back?

Be honest,
Did you ever mention my name?
Did you get sick of the shame?
Did you lie on your back like a whore?
