Is there a hole in your heart  
or am I mistaken  
I can see your capillary veins  
You be the patient, I'll be the surgeon  
Just like First grade on the playground all day

And soon enough you'll hear the black top calling for  
you.  
After that there is not much else you can do..

I am a pirate, you are a princess  
We could sail the seven seas  
Bring back some presents  
For all the people  
Everyone will love us, even Courtney will love us

I am a pirate, you are a princess  
We could sail the seven seas  
Bring back some presents  
For all the people  
Everyone will love us, even Courtney will love us

Have you forgotten your place?  
I'm being sarcastic  
That step could kill a bus of kids

We have a good thing  
(yeah)  
She is a bad thing  
Why would she want to break us?  
Who would want to break us?

(yeah)

Soon enough you'll hear the black top calling your  
name  
Every day your life will never be the same

I am a pirate you are a princess  
We could sail the seven seas  
Bring back some presents  
For all the people

Everyone will love us even Courtney will love us

I am a pirate you are a princess  
We could sail the seven seas  
Bring back some presents  
For all the people  
Everyone will love us even Courtney will love us

I am a pirate you are a princess  
We could sail the seven seas  
Bring back some presents  
For all the people  
Everyone will love us even Courtney will love us

I am a pirate you are a princess  
We could sail the seven seas  
Bring back some presents  
For all the people  
Everyone will love us even Courtney will love us
