It takes a lot to phase me
I'm pretty stable, pretty sane
But I'm looking at my future
And God, do I have to lose her?

We share conversations
On how we're all just floating
Through space and nothing matters
I'm looking for a pattern

Is it possible to say? Baby, let's run away
To the East coast or Seattle, Corpus or San Marcos
I've got a credit card and a reliable car
Let's drive to Pennsylvania

Madi dear, can't we just disappear
And take our chances
On a teenagers' romances?
Put our money where our mouth is

Madi dear, can't we just disappear
And take our chances
On a teenager's romances?
Put our money where our mouth is

It takes a lot to make me pretty angry, very sad
Now I'm looking towards the outcome
There must some hidden reason

Is there anyway you could change schools and stay
Up here in Fort Worth?
'Cause you're what I look for

I've got a hopeless crush
And maybe that don't mean much to you
But I'm hoping, this can't keep going

Madi dear, can't we just disappear
And take our chances
On a teenagers' romances?
Put our money where our mouth is

Madi dear, can't we just disappear
And take our chances
On a teenagers' romances?
Put our money where our mouth is

I've got a credit card and a reliable car
Let's drive to Pennsylvania

Madi dear, can't we just disappear
And take our chances
On a teenagers' romances?
Put our money where our mouth is

Madi dear, can't we just disappear
And take our chances
On a teenagers' romances?
Put our money where our mouth is

Madi dear, can't we just disappear
And take our chances
On a teenagers' romances?
Put our money where our mouth is

Madi dear, can't we just disappear
On a teenagers' romances?
