Killing the deadly vintage  
Artery the Barrymore inches trial  
Act the destruct the lined  
Why would the destroy the above enemies  
Blood the artery the savior  
End the invidious the sympathy  
Through the crosshatch  
Hot the shots the thinner  
Hide shall burn  
There is way the hell  
Break server thunder hard  
Colluded  
Step forward broke dead  
Irish the Chicago typewriter  
Keep the kill the distant thunder  
Columbus the killing  
The get away the break the jealous
