"I got a headshot" and "I like to die now"
It feels for me that it's the 6th time in a row
'Cause in your mind you dream this trick
But in my mind you're a little bitch

I'll be your lover
I'll be you bother
I'll be tomorrow...
I'll be anything when I'm in you

I'll be your lover
I'll be it bother
I'll be tomorrow...
God faces me when I'm dead

A little redneck is riding on your back
And Mr. Bush is on your neck
You dream the year is 1504
And you're my little whore

I'll be your lover
I'll be you bother
I'll be tomorrow...
I'll be anything when I'm in you

I'll be your lover
I'll be it bother
I'll be tomorrow...
God faces me when I'm dead
