Car won't start, out of gas  
Check past two, reserves won't last  
Caught the bus to go downtown  
Bus broke down, downtown bound  
Left the bus, flagged down a cab  
The driver said, "I want all your cash"

Don't let that keep you behind  
Glide, glide on by  
Glide, glide on by  
Don't let that keep you behind  
Glide, glide on by  
Glide, glide on by

The next time you blow your mind  
Glide, glide on by  
Glide, glide on by  
The next time you blow your mind
