Only a few real homies  
Cuz too many real phony  
And the last chick I smash still owe me  
So I told her to call me whenever she feel lonely  
Cuz I ain't never commitment, the kid is still only, a  
young man  
I'mma make it rain, make these haters do a sun dance  
Rollie on my wrist, go and give em all a sun tan, ah!  
Too much power for one man  
Feelin' like I got whole world in one hand  
Shit ain't really been the same ever since I got in the  
game  
They wanna get next to Devon like my middle name  
Yeah just to say she did it and get a little fame  
Hey! and there's nothing with a little change  
No, but I'd rather count bills woah!  
And If this was twitter I'm #ill so  
I ain't mad if she bad like a timeout  
I'mma have her to bring her back to my house  
If I get give her that wood  
She might get a splitter  
She think that I just wanna get in her  
Man I just wanna get in her  
I am outerspace  
I got these soul call rappers feelin' out of place  
I could take your girlfriend out on date  
And make her fall for me  
This is all for me  
Smell me like some (?)  
I'm in your girls ovaries  
I tell it like it is that ain't nobody that's over me  
Accept for the man on my rosaries  
They sayin' I'm everything y'all suppose to be  
And you know I got this (?) from Spain  
Who love to scream my name everytime that I go  
overseas, yea  
More lines than a groceries  
Boy you ain't close to me  
Your flow is weak, I'm so absurd  
All they wanna do is talk like spoken word  
Every song I'm on I go dessert (?)  
So I tell her call me daddy cuz I go to work, Ah!

Call me daddy cuz I go to work  
Everything's Louis, I be spittin' Louis  
Try to tell her my name but she already knew me  
Cuz I'm blowin like (?) with a chick from the movie  
I'm A BOSS!
