Light up the night like oceans of fire, oho
Lining the sky with, hearts of desire, oho
Waited a year, it's here again
Waited a year, feel like a kid again
With the star burning bright
And the ground covered in white

[Chorus]

It's snowing diamonds down from the sky
Our hearts are warm enough to heat up the night
Tonight we are diamonds wrapped up in life
Let's go then, to wonderland,
It's christmas time

Some family close and some far apart, uhu
No matter where you are, you're here in my heart, oh
yeah
When I lay right here, watch it all just fall down
Cause the same idea fill your love all around

[Chorus]

It's snowing diamonds down from the sky
Our hearts are warm enough to heat up the night
Tonight we are diamonds wrapped up in life
Let's go then, to wonderland,

It's christmas time, it's christmas time,
Here we go again
It's christmas time, it's christmas time,
Here we go again
It's christmas time, it's christmas time,
Let it fall, here we go again
It's christmas time, it's christmas time,
Let it fall, here we go again
Christmas time

[Chorus]

It's snowing diamonds down from the sky
Our hearts are warm enough to heat up the night
Tonight we are diamonds wrapped up in life
Let's go then, to wonderland,

It's christmas time, it's christmas time,
Here we go again
It's christmas time, it's christmas time,
Here we go again
It's christmas time, it's christmas time,
Let it fall, here we go again
It's christmas time, it's christmas time,
Let it fall, here we go again
Christmas time
