Here it goes, speak the words

Cant control myself no more

The media constant lies

The ignorance, it blows my mind

Hate the game, hate to lose

Fuck the man who makes the rules

Question why, say because

Blind faith, it aint enough

You cant have me, you cant have me

Now you get it, now you get it

Democracy, hypocrisy

Our government, you think youre free

They super size the narrow minds

Breeding hate, theyre wasting lives

Obey their laws, obey the book

Forget the chance you never took

But time is up cause here we stand

Just make a choice, just give a damn

You cant have me, you cant have me

Now you get it, now you get it

Now you get it, do you get it

Were all measured and wasted

Fuck the past, fuck that ass

Give me sex, make it last

Think its love well guess again

I had your girl, she brought a friend

Need to scream, need to laugh

Appreciate the things I have

You want the life but thinking twice

Go find yourself and lose your mind

Now you get it, now you get it

Now you get it, do you get it

Get it, get it, get it, get it
