Keep her inside wash the guilt from your hands  
Plead to need her no more forced smiles  
Seeping from the will abuse proceeds  
Control takes its shape  
Shell never leave this place  
See the shame, run hide, try to escape  
Beat her down fast before things can change  
Nothing but holes in our soul to replace  
This is our time revenge is too late  
Why beat the hand that feeds  
Need to sell lies that betray  
Dont forget to squeeze while your choking  
Revenge is too late  
Battered tears keep falling cruelty speaks  
Weak one behave  
Another wasted day his chain bleeds my dry  
Keep her inside wash the guilt from your hands  
Plead to need her no more forced smiles  
Seeping from the will abuse proceeds  
Control takes its shape  
Shell never leave this place  
See the shame, run hide, try to escape  
Beat her down fast before things can change  
Nothing but holes in our soul to replace  
This is our time revenge is too late  
Battered tears keep falling cruelty speaks  
Weak one behave  
Another wasted day his chain bleeds my dry  
Please die, leave me far behind
