[Hook]

I see you walk around, girl you shut it down
The way you moving them heels, you don't even make
a sound
You gotta be a model baby, gotta be a, gotta be, gotta
be a model baby
I gotta get her

Say lil mama, I just wanna holler
Said you need a man and not a boy, well I got you
I'ma give you it all, yeah baby I'm a boss
And I love it when you call me big papa, believe that
I'm on my level you're lover's way underneath that
You don't need that, you should be where ace e at
No lie, look at you, oh my, so fly
Oh yeah, your swag, I co sign, he broke your heart
don't cry
I told you, he was just a boy, you should let me comfort
you
Baby he was just a choice, yeah you make the wrong
one
But leave it in the past, and let me be your future
We can make it last, I see you

[Hook]

I see you walk around, girl you shut it down
The way you moving them heels, you don't even make
a sound
You gotta be a model baby, gotta be a, gotta be, gotta
be a model baby
I gotta get her
Come here, come here, come here, see you mama,
come here
Come here, come here, come here, see you mama,
come here
Come here, come here, come here, see you mama,
come here

This is right, this is where I wanna be,
Dreaming bout the day when you say you think you're
in love with me

And I tell you I love you too, and I can't wait to see your face
So you call cause all you wanna do is cuddle with me today
I mean it baby, you got what I'm missing and I need it
I'm telling you it's real, I'm tired of keeping secrets
So I won't and you gonn get what you been asking for
Shawty swag, don't even , to have it yours
Whatever you want, if it was up to me, you'd have it all
And even in, I feel that you should have some more
Cause you're nothing like these other women
Do what you do baby you stunt on them

[Hook]

I see you walk around, girl you shut it down
The way you moving them heels, you don't even make a sound
You gotta be a model baby, gotta be a, gotta be, gotta be a model baby
I gotta get her
Come here, come here, come here, see you mama, come here
Come here, come here, come here, see you mama, come here
Come here, come here, come here, see you mama, come here

Look, me and you, let's make this exciting
And do something crazy like mountain climbing in the apalanches
You only live once so this is gotta happen
If you down then let's go girl
It's up to you, you call the shots, this is your world
And I'm just living in it, tryina put a smile on you
I know you like the way that I put it down on you
I got you, I see you girl, it's hard not to

[Hook]

I see you walk around, girl you shut it down
The way you moving them heels, you don't even make a sound
You gotta be a model baby, gotta be a, gotta be, gotta be a model baby
I gotta get her
Come here, come here, come here, see you mama, come here
Come here, come here, come here, see you mama, come here
Come here, come here, come here, see you mama, come here.
