You're so materialistic and fake that anybody I love
them
Made a choice, got open up to and be real with i
Who am I, I bet you'd like to know, ain't mean to you for
like passo
Let me revive your soul, I ain't used to getting attention
I'm used to being doubted, forgot about
And I always played in the game but my name was just
never shouted
I still kept it 100 no matter how it got, , got nothing but
love
For that gorgeous woman that raised me
Put a bullet in my head, erase me from existence
Or do nothing, and I'll t bag your position
Got my free pass and ambition, why this class can't
listen
Yeah you talk hard, but you not dog, and I see that
You may quit it, hey yo
What's up with the children that haven't seen the light
of day yet
Kept in the dark by those of you afraid of
You should be, knowing that the world wants you to
only breathe
The air you gaved her remi, was only 3
I don't believe it, honestly, I feel guilty have to complain
about my life
We see it all in hd, they only think of highlights
This is the real, turn up,
, don't walk with your pupil closed
Cause someone will shine through your window
Girl unless your blinds unfold, they told me it's time to
go
I told em it's time to get it, I suited up in my gq
Tell em it's time for bindess and I'm on
Toast to that, toast to , right where that money far
Her name was shining e, close to let me,
Dc, pg, Carolina take care mama, we high class, no
marijuana
Don't lie to me cause I heard a lot of that non sense

We over here tryina keep it real

They say Ronnie Jerkins is only a pop rnb producer
Young primo, he straight hip hop
And there's no way he'll ever be successful
You know what, that is what i consider a false
allegation
See I'd rather be in my shoes than to be in yours
And that's the real, I do this man
Bang, bang, bang, bang, bang.
