Slow down now you're walking so fast.  
Where you going with that empty glass?  
Come here and lemme fill it up for ya, feeling up on ya  
giirlll

Girl you're looking like you're lost and need a friend.  
Let's go to the bar because we too sober. A couple of  
shots will make ya feel like Oprah. (feel like Oprah)  
Chase it with the lime, let's do it again.  
Now I'm all wavy, you all wavy.  
Now we on the dance floor making a baby.

I feel like I wanna take you down. That's what I wanna  
do. I got a penthouse suite at the top and you know it  
don't stop until it's

My shirt  
Your bra  
Your dress  
My draw  
Your heels and my Louis V scarf all over the bedroom  
floor.  
When we're doing it, how we're doing it. Til the cops  
come knocking, we're doing it.  
From the windows to the walls, now we're banging on  
the bedroom floor.  
Banging on the bedroom floor.  
the bedroom floor [x4]

I think you're playing tricks on my eyes. I mean it could  
be the lights or it could be the liquor. Is it just me or did  
your booty get bigger?  
A whole lot bigger.  
Body built like a G-5 (fly)  
Take me up high and Imma sky dive all in it, play all in  
it. Falling off the bed with my face all in it.

I feel like I wanna take you down. That's what I wanna  
do. I got a suite at the top and you know it don't stop  
until it's...

My shirt  
Your bra  
Your dress  
My draw  
Your heels and my Louis V scarf all over the bedroom  
floor.  
When we're doing it, how we're doing it. Til the cops

Slow down now you're walking too fast.  
Where you going with that empty glass?  
Come here and lemme fill it up for ya, feeling up on ya  
giirlll.  
Cause I'm so wavy like a fresh bag of Ruffles.  
Bentley outside, hundreds stacked in a duffle. Ohh girl.  
I wanna spend it on you girl.  
And we won't stop until it's...

My shirt  
Your bra  
Your dress  
My draw  
Your heels and my Louis V scarf all over the bedroom  
floor.  
When we're doing it, how we're doing it. Til the cops
