I did 'bout 80 on the highway
Now we in your driveway
And i can't keep from staring at your legs now
Yeah you got that kind of love that make a nigga ..baby
I know you gotta go but i can't let you go
Just one more time nice and slow

Chorus:

You got me want more, more more more
More than you know
can't wait til you get off work this evening
'cause i'ma be right there standing at your door
You got me want more, more more more
That's why I hate it when you're leaving
