[Verse 1]

Callin my
River to
Let her know
Ima be on my way.
Missin how
The river flow
Even though
It's only been
A couple of days.
'Cause it be rainin
And complainin. ['cause]
You got that water
Made for drinkin. [up]
Baby if I drown tonight
It's all worth it
For you.
I don't need no rescue.

[Chorus]

Ima hold my breath
Until you feel it
In your chest
When I go
Under. under.
I ain't comin up
Until your screamin
I give up
When I go
Under. under.
You'll be makin waves.
My ship's here to stay.
I got what it takes
To swim up in it all day.
I want you to shake
And later tell me
It was great
When I go
Under. under.

[Verse 2]

Girl relax.

Captain can
Handle that.
Ima take this cruise
Real slow.
Headed to paradise,
Close your eyes.
All you gotta do
Is let it go.
When your body flows
It's a water show.
And I can't stop
Until this feelin's
Over.
It's a sight to see
When it's callin me.
Tellin me
Your body's
Gettin closer.

[Chorus]
Ima hold my breath
Until you feel it
In your chest
When I go
Under. under.
I ain't comin up
Until your screamin
I give up
When I go
Under. under.
You'll be makin waves.
My ship's here to stay.
I got what it takes
To swim up in it all day.
I want you to shake
And later tell me
It was great
When I go
Under. under.

[Verse 3]
I'm jumpin in
No life saver.
Don't know when I'm
Comin up.
Deep sea divin
In your treasure.
I'm giving you
All this pleasre.
Ooh.
Girl I'm so into

You.
So deep I don't know
What to do.
Just let the water flow
Till a tidal wave
Washes us
Ashore.

[Chorus]
I'ma hold my breath
Until you feel it
In your chest
When I go
Under. under.
I ain't comin' up
Until your screamin'
I give up
When I go
Under. under.
You'll be makin' waves.
My ship's here to stay.
I got what it takes
To swim up in it all day.
I want you to shake
And later tell me
It was great
When I go
Under. under.
