{\*movie dialogue and ad libs for the first 22 seconds\*}

I remember when you made me smile (that's right)  
Can't forget how you made me whyle (uh-huh)  
Out of character, actin crazy  
Got the po'-po' tryin to taze me  
I paid the cost to be the boss (you know)  
You seen my life, you seen the Porsche  
Any wish you made, it came true (uh-huh)  
Any dish you made, I came through (that's right)  
Then you said you couldn't deal with me  
Goin out of town, baby keep it real with me  
You know we gave each other space (uh-huh) and good  
times  
But we gave each other bass (uh-huh) and good lines  
Now it seems like there's only one thing to do  
It's obvious that I can't be a king to you  
We ain't gotta fake moves and play bob and weave  
I'm Ty-son, you can make like Rob-in leave

I wash my hands with no reprieve  
Lil' mamma I just wanna leave  
{"Yeahhh I... wanna leave..."}  
Let me just grab the rest of my shit  
And NexTel, I just wanna breathe  
{"Yeahhh I... wanna leave..."}  
}

Bro, look  
Wait~! Where you get off talkin down on a real player  
Actin like I'm not lke and not a real player  
You was a bum bitch when we first hooked up  
Got your ass out, got your titties hooked up  
Now you a 10, you used to be 3  
And at the same time you stopped fuckin with me  
So I acquired a new stable of horses  
Took you out of Gucci and put you back in {?}  
Back to your Hyundai bitch, no more Porsches  
You wanted marriage, I didn't want to force it  
Now I see the real you, I'ma have to forfeit  
Try to take my keys I put her ass in orbit  
Used to be my girl, now I'm havin temptations

Listen to them stupid bitches, better know that dem  
hatin  
They wanna dress like you (what) and walk like you  
(hey)  
Sheeit go on back to 'em, cause man you through
