So many nites
I felt your beating heart
As we were deep in the dark
I'd watch you sleepin' tight
Protect you from the light
As if you were a child
& put a kiss on your lips

Don't you go breakin' my heart
Stay for awhile
I'll make it alright (make it alright)
'cause if you go breakin' my heart (go breakin')
I won't survive (can't survive)
So stay for tonite

This can't be right
'cause each & every time
I look deep in your eyes
I see the shinin' stars
Beatiful work of art
Still we just never part
Let's talk it through
You & I
Don't you go breakin' my heart
Stay for awhile
I'll make it alright (make it alright)
'cause if you go breakin' my heart (go breakin')
I won't survive (can't survive)
So stay for tonite

Is it somethin' that I should have done (should have done)
Tell me where did I go wrong
Is it somethin' that I could've said
To make you stay around the way

Don't you go breakin' my heart
Stay for awhile
I'll make it alright (make it alright)
'cause if you go breakin' my heart (go breakin')
I won't survive (can't survive)
So stay for tonite

(Repeat till end)
