*[Verse One:]*

I couldn't breathe, I couldn't see,  
I couldn't think, I could not believe,  
How good it felt when we touched.  
I couldn't fight, I couldn't try,  
I couldn't hide, I could not deny,  
That lightning can strike more than once.

*[Chorus:]*

Finally I know anything is possible,  
Finally I know that some things are beyond our control.  
Finally I know all is fair in love and war,  
Finally I know there's no need for keeping score,  
No need to worry.

*[Verse Two:]*

I didn't see, I didn't want,  
I didn't need, I did not recognise,  
That love was there inside your eyes.

I didn't say, I didn't act,  
I didn't complain, I did not resign,  
But something happened that felt so right.

*[Bridge:]*

I was so amazed by the magic that I found in you,  
I can't describe it but I know that I like it,  
What you do.

*[Repeat Chorus]*

*[Break:]*

Finally I know that life has a guarantee,  
That nothing tastes the same,  
And everything must change.  
Finally I've come to realise,  
There is a reason for every season.

*[Repeat Bridge and Chorus]*

*[Repeat Chorus to fade]*
