Get down, oh yeah, oh alright  
This is how we get down, yeah  
This is how we get down  
Tell them all to get down

New in the neighborhood  
Looking good to me  
She's by your side, I can't deny  
Got to know your name

You turn around, you see me now  
I think it's love I've found  
My friends think I'm crazy  
But I don't care 'cause baby I get down

I get down like that, be like that  
I won't fret, she's no threat to me  
It may seem wrong, it's all about  
What I want and sometimes

Why don't you be like that?  
It's on like that  
I'm gon' get ya  
If I like what I see, yeah

You're on my mind I think you're fine  
But you're with her and I don't care  
Can't let you get away  
I want you just because

She pulls you, turns you  
Try so hard to take your eyes away  
It's too late and you know it  
'Cause I got you in a daze, I get down

I get down like that, be like that  
I won't fret, she's no threat to me  
It may seem wrong, it's all about  
What I want and sometimes

Why don't you be like that?  
It's on like that

I'm gon' get ya  
If I like what I see, yeah

Tell me, am I wrong to go for what I like?  
When she holds you tight  
You want me, it's only right  
And I don't care

Her name's not stamped on you  
That means she don't own you  
I'm gonna make you mine

I get down like that, be like that  
I won't fret, she's no threat to me  
It may be wrong, it's all about  
What I want and sometimes

Why don't you be like that?  
It's on like that  
I'm gon' get ya  
If I like what I see, yeah

I get down like that, be like that  
I won't fret, she's no threat to me  
It may seem wrong, it's all about  
What I want, yeah

Why don't you be like that?  
It's on like that  
I'm gon' get ya  
If I like what I see, yeah

I get down like that, be like that  
I won't fret, she's no threat to me, yeah  
And sometimes it'll be

Why don't you be like that?  
It's on like that  
I'm gon' get ya  
If I like what I see, yeah

I get down like that, be like that  
I won't fret, she's no threat to me  
Sometimes it'll be

Why don't you be like that?  
It's on like that  
I'm gon' get ya  
If I like what I see, babe
