[Chorus]

Car full of choppers and everybody quiet,
Car full of goons and everybody certified...
And if you froze up last time you can't ride,
It's going down tonight, cuz them goons out lurkin' [x2]

5 in the morning
Ain't nobody out but us,
And everybody sleep,
But we finna wake the city up
And finna teach you pussy niggas bout playing with us,
We find yo duck ass tonight,
Lil homie you outta luck
And he don't know we coming
Finna get his life took,
We ridin bin laden shit a hundred rounds plus
Before he went to sleep
He ain't he wouldn't be waking up it's already
understood
These crackas get behind a flush and we ain't coming
home,
Till all the clips empty and we ain't shooting up no
houses
It draw too much attention we catch yo ass comin out lil
homie you gets it
And I bet one mothafuckin thang
Nigga we ain't missin

[Chorus]

Car full of choppers and everybody quiet,
Car full of goons and everybody certified...
And if you froze up last time you can't ride,
It's going down tonight, cuz them goons out lurkin' [x2]

You might miss the newspaper
But you gon make the news
Victim found face down, knocked him out his shoes
Them choppas went he tried to run but couldnt move
Sawed 'em in half that choppa broke him down in two
Everything them hollow points hit knocked 'em loose
We want yo homeboys naw pussy we ain't through

them cracka's
Found a hundred holes
But ain't got a clue
Now everybody claim they know who fucked over you
A big mouth don't get you shit but a big funeral
And a bunch of motherfuckas crying who claim they
knew ya
You can't bring 'em back stop crying the pussy dead,
He should've kept his mouth shut
He ain't know how to play it

[Chorus]

A car full of choppers and everybody quiet,
Car full of goons and everybody certified...
And if you froze up last time you can't ride,
It's going down tonight, cuz them goons out lurkin' [x2]

... Cuz them goons out lurkin!
