The kisses of the sun - were sweet I didn't blink
I let it in my eyes - like an exotic drink
The radio playing songs - that I have never heard
I don't know what to say - oh, not another word
Just la la la la - it goes around the world
Just la la la la - it's all around the world
Just la la la la - and everybody's singing
La la la la - and now the bells are ringing
La la la la - la la la la la la - la la la la - la la la la
la la la
La la la la - la la la la la la - la la la la - la la la la
la la la

Inside an empty room - my inspiration flows
Now wait to hear the tune - around my head it goes
A magic melody - you want to sing with me
Just la la la la - the music is the key
And now the light is gone - still it goes on and on
So deep inside of me - I long to set it free
I don't know what to do - just can't explain to you
I don't know what to say - oh, not another word
Just la la la la - it goes around the world
Just la la la la - it's all around the world
Just la la la la - and everybody's singing
La la la la - and now the bells are ringing
La la la la - la la la la la la - la la la la - la la la la
la la la
La la la la - la la la la la la - la la la la - la la la la
la la la

La la la la - it goes around the world
Just la la la la - it's all around the world
Just la la la la - and everybody's singing
La la la la - and now the bells are ringing
La la la la - la la la la la la - la la la la - la la la la
la la la
La la la la - la la la la la la - la la la la - la la la la
la la la
