(Gonna hit the floor)

Tonight we set the groove  
Trying to make you move  
There ain't no substitute  
For what we wanna do  
Come on and feel the vibe  
Why try to run and hide  
Is this reality or just a fantasy

Why is it that we keep on losing our mind  
Every time we hear the DJ play that song (play that song)  
So we can dance until the morning light  
Let the music keep on playing over again

We're gonna hit the floor  
I know that we got it  
We're gonna hit the floor  
Ain't no doubt about it  
We're gonna hit the floor  
Turn it up it's started  
Strong enough to make it  
Nothing's gonna break it  
We're gonna hit the floor

It's time to rule the game  
We'll never be the same  
This is our faith  
This is our final destiny  
No one can stop us now  
Just let us show you how  
We'll keep on moving to win it, eternally

Why is it that we keep on losing our minds  
Every time we hear the DJ play that song (play that song)  
So we can dance until the morning light  
Let the music keep on playing over again

We're gonna hit the floor  
I know that we got it

We're gonna hit the floor  
Ain't no doubt about it  
We're gonna hit the floor  
Turn it up it's started  
Strong enough to make it  
Nothing's gonna break it  
We're gonna hit the floor

(We're gonna hit, we're gonna hit)  
(We're gonna hit, we're gonna hit the floor)  
(We're gonna hit, we're gonna hit)  
(We're gonna hit, we're gonna hit the floor)

Hit the floor (gonna be my baby)  
Hit the floor  
We're gonna hit the floor (hit)  
The floor (dance the night away)  
Hit the floor

We're gonna hit the floor (hit)  
I know that we got it (the floor)  
We're gonna hit the floor (hit)  
Ain't no doubt about it (gonna be my baby)  
We're gonna hit the floor (hit)  
Turn it up it's started (the floor)  
Strong enough to make it (hit)  
Nothing's gonna break it  
We're gonna hit the floor
