Big time! Big time!

Welcome to a party
Where everyone's invited
Mr Memory and
Mrs Destiny's excited
Everybody's here
People everywhere having fun

You may call it life
I would call it my fiesta
A life long celebration
'Til the very last siesta
Dinners will be served
Wishes will be heard and fulfilled

So boogie to the beat
And feel your body heat
The temperature is rising
To a hundred degrees

This is a big time bramalah
Party going on and round
(Big time, big time bramalah)
A big time bramalah
Party somewhere everyone
(Big time, big time bramalah)

So boogie to the beat
And feel your body heat
The temperature is rising
To a hundred degrees

Big time!

The scale is running high
We could make it last forever
Mr Memory and Mrs Destiny together
Looking kind of sweet
Dancing cheek to cheek
My oh my

Get in to the groove
From the belly down and waist up
Shake it baby, move
Don't you never ever stop
Everybody's here
People everywhere, having fun!

I give my life to you
And you and you and you
The boogie-woogie-flue
Is gonna catch all of you

This is a big time bramalah
Party going on and round
(Big time, big time bramalah)
A big time bramalah
Party somewhere everyone
(Big time, big time bramalah)

So boogie to the beat
And feel your body heat
The temperature is rising
To a hundred degrees

Big time!

(Come on baby!)
(Hahaha)

Big time bramalah
Party going on and round
(Big time, big time bramalah)
A big time bramalah
Party somewhere everyone
(Big time, big time bramalah)

So boogie to the beat
And feel your body heat
The temperature is rising
To a hundred degrees

This is a big time bramalah
Party going on and round
(Big time, big time bramalah)
A big time bramalah
Party somewhere everyone
(Big time, big time bramalah)

Big time!
