Uno, dos, tres, cuatro!

Oh Romeo!

Where do you have your Juliet now

Oh Romeo!

Where do you have your girlfriend now

You used to be the one

Everyone wanted to be

(Everybody wanted to be)

You used to be the one

And only for those girls

But look at you!

Oh Romeo!

Where do you have your Juliet?

Romeo! Where's your girlfriend?

Oh Romeo!

Where do you have your Juliet?

Romeo! Where's your girlfriend?

You never thought

Somebody like her

Would come in your way

You never thought, no

Your lady in chains

Could walk out on you

Yesterdays flowers

They don't mean much now

(Flowers they don't mean a thing)

You treated her just like dirt

And now it's too late

So look at you

Oh Romeo!

Where do you have your Juliet?

Romeo! Where's your girlfriend?

Oh Romeo!

Where do you have your Juliet?

Romeo! Where's your girlfriend?

I know you know  
The lady was a ten out of ten  
She was a knockout!  
Everybody knew  
About the two of you  
And why a son of a gun  
Like you let her go

If you can't treat your lady  
With respect  
(You're not a true man for her)  
Hand her over to real men  
To somebody who cares  
Who respect her!

Oh Romeo!  
Where do you have your Juliet?  
Romeo! Wheres your girlfriend?  
(Where is your little pretty girlfriend?)  
Oh Romeo!  
How could you do this to her?

Romeo, oooh-o-oooh, Romeo!  
Romeo, oooh-o-oooh, Romeo!

Oh Romeo!  
Where do you have your Juliet?  
Romeo! Where's your girlfriend?  
(Where is your little pretty girlfriend?)  
Oh Romeo!  
Where do you have your Juliet?  
Romeo! Where's your girlfriend?

(Girlfriend)
