My heart is screaming out your name

Night falls, my mind recalls
The sound of your hard breathing
Thoughts of your thousand kisses
Burning on my skin

I feel your desire as the
Moonlight lingers in the sky
I'm walking through fire
Can't you hear me when I cry

One night of passion
One night of hunger
And my attraction
Is getting stronger
I need to feel you
I need to hold you
I can't deny cause my heart is
Screaming out your name
My heart is screaming
Out your name

Tonight I won't be alone
Doesn't mean that I'm not lonely
One minute is like an hour
Until you come my way

I feel your desire as the
Moonlight lingers in the sky
I'm walking through fire
Can't you hear me when I cry

One night of passion
One night of hunger
And my attraction
Is getting stronger
I need to feel you
I need to hold you
I can't deny cause my heart is
Screaming out your name
My heart is screaming

Out your name

Oh yeah

Every time you're not around
You're the thoughts within my mind
Hold me near, never fear
I'm right beside

One night of passion
One night of hunger
And my attraction
Is getting stronger
I need to feel you
I need to hold you
I can't deny cause my heart is
Screaming out your name

One night of passion
One night of hunger
And my attraction
Is getting stronger
I need to feel you
I need to hold you
I can't deny cause my heart is
Screaming out your name
