You know I like it better when it's just the two of us  
Hair tied back and your gym shorts on  
And you always get mad when we play Halo  
'Cause you always die but you keep on going

And we can keep on showing that every day is another  
play date  
When you're in love

Always say I drive too fast, I say it's too slow  
Always tell me not to worry, but I'm stressed though  
You always criticize my taste in music  
I rock out but you can't sit through it

It's hard to sleep when you steal my blankets  
And my pillows too, but damn you're cute

'Cause you're the flyest girl I know  
I think about it everywhere I go  
Don't worry about losing me, you won't  
'Cause I need you more than I could ever show

(Shawty)

I don't want to be rude here  
But I really can't wait for the end of the school year  
So I can take you away from here  
And the two of us can disappear

Buy a house in Georgia, even though we can barely  
afford it  
Visit California, I'll write a new song every morning

You're the most incredible woman I know  
And I know that what you've got is something beautiful  
And I'll show I want to keep you my whole damn life, I  
need you  
So please don't ever leave me 'cause I am so empty  
when you're gone

When you're gone

So please don't ever leave me 'cause I just feel so  
empty when you're gone

We're the envy of everyone who sees us  
I drive a Buick but you want a Prius  
Forgot the chords on ukulele  
Love horror movies but I cry like a baby

I'm glad you're my lady  
'Cause you're the only one who knows how to save me  
From myself

'Cause you're the flyest girl I know  
I think about it everywhere I go  
Don't worry about losing me, you won't  
'Cause I need you more than I could ever show

(Shawty)

You're the most incredible woman I know  
And I know that what we've got is something beautiful  
So please don't ever leave me 'cause I would be so  
lonely if you were gone
