Her last words were spoken,
her last days were lived
She was already within our hearts.
Now we are broken, words are unspoken
Which way do we turn now?
The news was not lifting as we stood frozen...
How do we move on?

[Chorus]
So take it in,
and let it out
Its okay to let the tears fall down
You stay so strong, but not for so long
Watch as they all splash down around you

You were there almost everyday
Making a difference every possible way
We were so lucky to have you here
Now there's a reason for each little tear

[Repeat Chorus]

Now we are broken, so many words are unspoken
Unable to hold ourselves together
But this is permanent, and it is forever
Now the tears never stop

[Instrumental Pause]
[Repeat Chorus]

You're telling us goodbye,
Feeling alone we face the truth
All we want is a re-do
To bring us back to you

[Repeat Chorus]

Her last words were spoken,
her last days were lived
But she'll continue to be here with us....

Forever.
